February Program

For our February program there will be a DVD to entertain your artistic appetite. We have chosen a DVD instead of a personal demo due to the uncertainty of the February weather. Our DVD is titled ***Pastel Impasto Painting Techniques with Richard McKinley***.

Richard's method for creating faux impasto in pastel makes use of acrylic-based pastel primers to create a variegated surface that creates intrigue before you even start painting. Follow along as Richard leads you step-by-step through a complete pastel painting, from creating the surface texture, to underpainting, to adding final accents and highlights.
